A SMALL AREA PLAN

Proposed Amendment to PL-ANiTULSA, the Tulsa Comprehensive Plan
www.TheBradyArtsDistrict.com/SmallAreaPlan

Brady has become one of the strongest urban arts and cultural destinations in Oklahoma, and has potential to become one of the most exciting in the U.S. It is nurturing an emerging regional and national identity as an artist district with an authentic character that is inciting part of Tulsa's creative economy. With previous planning and community development efforts in mind, neighborhood, philanthropic, business and city leadership came together in 2008 and 2009 to articulate a cohesive and existing vision for the future of Brady, and to bring into alignment a variety of heretofore independent planning efforts. With broad-based community input and many planning group meetings, a vision statement was carefully crafted. Eight specific goals were set to achieve the vision. Several specific planning, design and management objectives were coordinated with each of the eight goals, eventually culminating in a list of specific actions. Through the process of developing this plan, key stakeholder groups, the owners and business associations proceeded to agree on and establish a district identity.
